Thank you for enrolling in mobile deposit. To protect the Credit Union from losses, each account holder will have established deposit limits. These limits will be reviewed periodically, making changes as needed. Deposit limits may be changed according to credit worthiness, account standing, and deposit activity and/or abuse. If your deposit exceeds the set limit, it will be forwarded to the Credit Union for manual review. If approved, funds will be credited to your account on the next open business day. If a check needs a hold placed or is denied, you will receive a notification on your mobile device.

If all enrollment and deposit criteria are met with no manual review, funds will be automatically deposited to your account. [These automatic deposits are posted seven days a week at the following times: 8:30AM, 12:30PM, 4:30PM, and 11:30PM Eastern Time. The cutoff time is 30 minutes prior to deposit time stated above. Example: if you would like your check to be deposited for the 4:30 pm time, you would need to log in and make the deposit by 4 pm.](#)

Notifications will be sent through the mobile application if enrollment or checks are approved/denied, sent for manual review, or placed with a hold. **You must authorize alerts on your mobile device in order to receive these notifications.**

The Credit Union reserves the right to revoke authorization, adjust deposit limits, and deny/reverse checks at any time, without notification, due to abuse of this service.
